

## **DESERT TIMES**

There are times in our lives,  
The Lord may lead us through  
A lifeless, barren desert,  
A time of testing too

But desert times can be  
A place of special growth,  
Where God can do a work  
And let His healing flow

I know that in these times,  
We don't feel God is there,  
We feel so very distant  
And lost without His care

But God is there beside you  
To bring you to a place  
Of cool, refreshing waters  
Flowing with His grace

But for the present moment,  
You maybe in a drought,  
Don't give up on your faith  
And don't you start to doubt

God is always faithful  
And He will walk with you,  
Through the darkest moments,  
He'll be leading you
