

What Is Your Stronghold?

Pull down all the strongholds
That's there in your life,
So you may enter the promise land
And have the victory of Christ

For you'll never fully enter
Into what God has in store
If you never overcome the struggles
That keep knocking at your door

He wants to bring you deeper,
To a new level in Him,
But we need to deal with the issues,
The hindrances and the sins

For truly it's a stronghold
That we need to overcome,
To be released to our full potential
And continue what God's begun

Although it seems beyond us,
A mountain too big to climb,
God only asks us to trust Him
To take one step at a time

For He will walk beside you
Fighting the enemy,
We just need to keep pressing on
To receive the victory

Then each time you're faced with
A stronghold in your life,
Don't run away, but press on through
With faith in Jesus Christ
